THE FACTS ABOUT OUR FOR THE PEOPLE ACT

FALSE CLAIM #1

This bill is a "power grab" by Democrats.

REALITY

It is a power move by the American people. It unrigs the system by ensuring that all Americans can vote; fighting back against big money in politics; ending partisan gerrymandering; and enacting tough new anti-corruption measures.

FALSE CLAIM #2

"This bill is unconstitutional and forces grassroots organizations to give lists of their supporters to the I.R.S."

REALITY

It shines a light on secret money and requires shadowy mega donors to disclose their spending— just as the conservative Majority on the Supreme Court called on Congress to do.

FALSE CLAIM #3

"This bill gives unelected D.C. bureaucrats total control over states' elections."

REALITY

It gives states more **power and resources to modernize and secure their election systems**, making sure that every American has a fair chance to vote and the opportunity to have their voice heard.
